MEDICINAL.

Hopeless and Helpless.

The consequences of a diseased condition of the stomach and digestive and nutritive system are most disastrous to the whole body. One by one every organ may become involved. The misery is maddening. The most extreme cases of "stomach trouble" and the evils resulting from it have been cured by Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, purifies the blood and builds up the body with sound healthy flesh.

"I was taken with severe headache," writes Thomas A. Swartz, Box 105, Sub-station C. Columbus, Ohio, "then cramps in the stomach, and my food would not digest, then kidney and liver trouble, and my back got weak, so I could scarcely get around. I just gave money to the doctors whenever I thought they would do me any good, but the more I doctored the worse I got until six years passed. I had become a poor, poverty-stricken man in the house by the aid of chair, and I got so thin I had given up all hope, thinking that I could not be cured. Then I saw one of my neighbor boys and he said, 'Take my advice and take Dr. Pierce's Golden Medical Discovery and make a new man out of yourself.' The first bottle helped me, so I bought a second, and after I had taken eight bottles in about six weeks I was weighed and found I had gained twenty-seven (27) pounds. I have done more hard work in the past seven months than I did in two years before, and I am as stout and healthy today, I think, as I ever was."

Dr. Pierce's Pleasant Pellets cure biliousness.

CATARRH Nasal

In all its stages there should be cleanliness. ELY'S CREAM BALM cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly. CREAM BALM is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large size, 50c at drug stores or by mail. Trial size, 10 cents by mail. ELY BROTHERS, 56 Warren Street, New York.

COLD IN HEAD

FOR OVER FIFTY YEARS. AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

The stomach controls the situation. Those who are hearty and strong are the ones who can eat and digest plenty of food. Koloid Dyspepsia (true dyspepsia) is what you eat and allows you to eat all the good food you want. If you suffer from indigestion, heartburn, belching or any other stomach trouble, this preparation can't help but do you good. The most sensitive stomachs can take it.

RAJAH, THE TIGER, GETS LOOSE.

Rajah, the Bengal tiger, which killed Nelson at Botolph's Zoo, in Indianapolis, two weeks ago, was again on the rampage Sunday afternoon. George Boyker, the bear tamer, released a quagga from his cage and, as it was passing the cage of the tiger, the latter threw itself against the door and it gave way before its strength. The tiger immediately started in pursuit of the quagga and Boyker ran into the vacant cage for safety. The quagga rushed for the arena, with the tiger in close pursuit, and just reached the door when the tiger sprang at it. His huge claws struck the quagga's hip and tore the flesh from him as he fell back. The frightened quagga continued its race toward the arena and was in direct line with William Tanner, an employee, when he was warned of his danger and escaped from the arena. The tiger continued in pursuit and was just in the act of springing a second time when Capt. Bonavita fired at him with his revolver. The bullet struck an inch below the heart and so stunned the tiger that he dropped to the ground. He recovered, however, as the quagga made the third circuit of the arena and was crouching for another spring when the quagga suddenly stopped. Then his heels flew back with the quickness of lightning and struck the crouching tiger directly in the head. The tiger dropped to his side, while the quagga continued his mad race around the arena. Capt. Bonavita headed the quagga for the door and it escaped to its cage. When Bonavita entered to fire Rajah to his cage he seemed to be unharmed by the bullet and the subsequent kick, which for the moment had stunned him.

A NEW SURGICAL OPERATION.

A Vienna telegram to the London Standard says: The Paris Temps lately reported that the well-known Vienna surgeon, Professor Gersuny, had invented a means by which vaseline could be injected under the skin to fatten thin people. Professor Gersuny, who is the director of Rudolf Hospital, has been interviewed on the subject, and says that it is true that he has made certain experiments, but he has never had in view the purpose mentioned. Nor does he inject vaseline. In all his experiments he has used a mixture of paraffin and vaseline, which is injected at a temperature of 104 degrees, and remains at the point of injection without changing its position and without irritating the surrounding parts. Professor Gersuny applied his invention whenever the treatment of a patient has necessitated the making good of parts removed. One man had to have a portion of his jaw taken away, and his cheek showed a cavity, which the professor remedied by injecting sufficient paraffin-vaseline to make an even surface. But experiments which have been made with these injections as a substitute for constrictor muscles are much more important. The professor had a notable success with a malformation of the palate, in which case the patient acquired a clear pronunciation by aid of the means employed. Experiments have also succeeded where stiff members had to be made flexible.

QUEEN DIED IN KAISER'S ARMS.

Significant of the extraordinary hold which Queen Victoria's personality gained upon the affections of her people is the fact that even now the liveliest interest is taken in the details which by degrees leak out concerning incidents connected with the closing hours of her life. The other day, for instance, a Berlin paper declared that when she passed away the Kaiser's arms were around her. Yesterday it was learned from an absolutely reliable source of a little detail which seems to possess a peculiarly pathetic import. It appears that when the time arrived to transfer the body from the bier in the chapel to the coffin, the Kaiser had been prepared for its reception. The King silently checked an attendant who was about to perform the last duty, and, without a word, he, the Kaiser and the Duke of Connaught stepped forward and themselves lifted the pathetically tiny corpse in their arms, reverently placed it in the shell and then arranged the garments so as to prevent any alien hands from touching the body. It appears that the official undertaker, but by an aged cabinet-maker, who for many years has made all trifling repairs to furniture in her Majesty's apartment at Osborne.

A FIGHTING WOMAN.

During the inauguration proceedings in Washington yesterday one woman, almost directly under the President's stand, had her umbrella wrenched from her grasp because she insisted on keeping it up. She claved it amid a roar of approval from the crowd, which was changed into derisive laughter when she began striking at several men with her closed umbrella under the impression they had pulled it from her. Several men had fights because they insisted on sheltering themselves, but on the whole the crowd was very orderly; it was so packed in that the spectators could not help but be orderly.

A Good Cough Medicine for Children.

"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Moran, a well-known and popular baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children as it contained no opium or other harmful drug." Sold by Richard Gibson, druggist.

To accommodate those who are partial to the use of stimulants in supplying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price, including the spray, 75¢. Also, Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions, but changes them to a natural and healthy character. Ely Brothers, 55 Warren street, New York.

Like Oliver Twist, children ask for more when given One Minute Cough Cure. Mothers endorse it highly for croup. It quickly cures all coughs and colds and every throat and lung trouble. It is a specific for grippe and asthma and has long been a well known remedy for whooping cough.
